

# INSOLVENCY AND CORPORATE RE-ENGINEERING FACULTY

## CERTIFICATION TRAINING PROGRAMME (MODULES 1 & 2)

### SYNOPSIS

The Insolvency practice is currently being subjected to new legislations on court decisions and corporate business dynamics. Therefore, it becomes necessary for professionals to update their knowledge with the various legislative changes made and judicial pronouncements rendered from time to time. The 3-day ICAN Insolvency certification training is well structured to deliver value in line with global best practices. The programme is designed to equip attendees with practical knowledge and understanding of Insolvency procedures.

### FOR WHO?

The training is designed for Chartered Accountants, non-Chartered Accountants, Auditors, Insolvency Practitioners, Law enforcement agents, Federal and State Revenue Service Staffs.

**FEE: N108,000**

**MODE: PHYSICAL**

### LEARNING OUTCOMES

Upon successful completion of the modules, participants should be able to:

- Gain an understanding of the principles of Corporate Restructuring, Liquidation and Winding-up;
- Acquire expert knowledge of legal, procedural and practical aspects of Mergers and Acquisitions transactions;
- Understand solutions to issues and challenges businesses may face while complying with Insolvency Regulations 2022;
- Understand the roles of all parties in turnaround management and restructuring of financially distressed companies.
