As the concurrent Chairman of Enugu & District Society and the Eastern Zonal District of ICAN, I selflessly and foresightedly championed the creation of Nsukka & District Society and Afikpo & District Society and facilitated their solid foundation at the Eastern Zonal level, further strengthening the grassroots of the Institute.	2017 & 2021

### **15. PROPOSED CONTRIBUTIONS TO THE GROWTH AND DEVELOPMENT OF THE INSTITUTE IF ELECTED INTO COUNCIL**

By the grace of God, and with the help of my colleagues, I will work committedly to:

- make the ICAN qualification the leading accounting qualification in Africa and more competitive globally; by continuing to modernise the ICAN syllabus, establishing ICAN tutorial and exam centres in Africa, implementing international online exams, partnering with global institutes and universities, expanding and strengthening the existing Mutual Recognition Agreements, and empowering the ICAN diaspora Chapters.
- make the accountancy profession more attractive to the youth (the Gen Zs); by revamping the extant Catch Them Young programme and establishing youth-specific private sector-funded Zonal Innovation Labs, student-members entrepreneurship incubators, Tech Start-up advisory programmes, etc.
- strengthen ICAN's Micro, Small and Medium practices (MSMPs) to engender credible audit opinions; by providing the firms with practice management tools, shared audit technology platforms, standardised audit software, etc.
- strengthen ICAN's national relevance and make the Institute the technical backbone of public financial management in Nigeria; through stronger advocacy for the national adoption of the ICAN Accountability Index, development of government accounting certification, regular fiscal policy commentaries, and technical advisory to the Federal and State Governments, all in the public interest.
- make ICAN Africa's most technologically advanced professional accountancy body; by implementing an AI-powered learning platform, an online Mandatory Continuing Professional Development (MCPD) marketplace, blockchain membership verification, etc.
