President of the Institute, Mallam Haruna Nma Yahaya, mni, Ph.D., FCA, has called on the National Universities Commission (NUC) to support three strategic initiatives aimed at deepening the quality of accounting education in Nigeria.

He also advocated for ICAN to be granted a waiver to conduct voluntary accreditation of accounting programmes in universities, upon institutional request, as a way of complementing NUC's quality assurance mandate.

Additionally, he appealed for the reinstatement of the Accounting Technicians Scheme West Africa (ATSWA) qualification as a valid route for Direct Entry admission into Nigerian universities.

In response, Professor Ribadu welcomed the proposals and expressed NUC's openness to collaboration. He encouraged ICAN to formally write to the Commission on the ATSWA matter to facilitate consultations with JAMB. He also affirmed NUC's readiness to engage on the ICAN University proposal and reiterated strong support for recognising ATSWA as a legitimate Direct Entry pathway.
