Professional Accountancy

Building a Greater Nigeria through Innovation, Technology and Entrepreneurship
About

Co-Creation Hub Nigeria is a social innovation centre dedicated to accelerating the application of social capital and technology for economic prosperity.

The innovation hub is Nigeria’s premier living lab designed as a space where work to catalyze creative social tech ventures take place.

Education/Health and ICT
Drivers for a Greater Nigeria
Where are we now?

It is a slap on the face of the profession that corruption is rife in Nigeria (both in public and private sectors) which can be attributed to:

- weak internal controls,
- lack of constant appraisal of performance,
- compliance with accounting standards, etc.

This also reflects on our ranking in the Transparency Index.
